Subject: Freedom of Information Act Request

Dear Ms. Norry:

Combustion Engineering requests a copy of the non-proprietary version of Exxon Nuclear Report XN-NF-739. Based upon our review of several items, and our discussions with the Public Document Room, we believe that this document was submitted on or about November 11, 1983 on the D.C. Cook Unit 2 docket (50-316). The document reports on Exxon's seismic evaluation of nuclear fuel. Combustion Engineering is willing to pay the reasonable and customary fees for reproducing this document.

If any additional information is needed or any questions arise, please contact me or Mr. J. E. Rogers at (203) 285-5204.

Very truly yours,
