Subject: Annual Operating Report  
Cooper Nuclear Station  
NRC Docket No. 50-298, DPR-46

Dear Mr. Martin:

In accordance with Paragraph 6.5.1 of the Cooper Nuclear Station Technical Specifications, the Nebraska Public Power District submits the Cooper Nuclear Station Annual Operating Report for the period of January 1, 1984 through December 31, 1984.

We are enclosing one signed original for your use and, in accordance with Regulatory Guide 10.1 Revision 4, are transmitting one copy to the Director, Office of Inspection and Enforcement.

It should be noted that some of the design changes reflected as being completed in the enclosed will be completed prior to startup from the current outage.

Should you have any questions or comments regarding this report, please contact me.

Sincerely,

Jay M. Pilant  
Technical Staff Manager
