Dear Mr. Grier:

The following action has been taken concerning the use of a 5 millicurie cobalt 60 sealed source, Harshaw No. HC-200w, at the Cleveland Clinic, 93rd St. and Euclid Avenue, Cleveland, Ohio 44106:

a) On September 11, 1969, a request was sent to Mr. R. Brinkman, Division of Materials Licensing, Washington D.C. 20545, that our license No. 34-6558-5 be amended to include the Cleveland Clinic as a temporary user's area. The Cleveland Clinic is presently operating under General License No. 34-00466-01.

b) The source is in our possession and will not be used at the Clinic until authorization to do so is received from the AEC.
