U.S. Atomic Energy Commission
Washington 25, D.C.

Attn: Isotopes Branch
Division of Licensing and Regulation

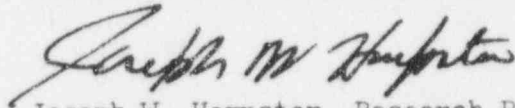

Gentlemen:

At this time we have requirements for byproduct materials not covered in our license #34-6558-2(G63). I would like, therefore, to have this license ammended or to have these new materials covered under a new issuance.

Enclosed please find three copies of the completed form AEC-313(5-58), Application for Byproduct Material License.

Very truly yours,

THE HARSHAW CHEMICAL COMPANY
