Attention: Director

Office of Administration
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

FREEDOM OF INFORMATION
ACT REQUEST
FOIA 15-84
Rec'd 2-5-85

To Whom It May Concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. 552, I request copies of any and all documents maintained in the following respective facility docket files for the respective specified periods of time:

- 1) All Docket 40-8006 (License SUB-986) documents, dated January 1963 (or earliest date) through June 1976, re: Oklahoma City Technical Center, OK.
- 2) All Docket 40-2061 (License STA-583) documents, dated January 1968 through December 1973, re: West Chicago Rare Earths Facility, Illinois.
- 3) All Docket 40, License R-157 (and subsequent licenses) documents, dated September 1954 through December 1974, re: Shiprock Uranium Mill, San Juan County, New Mexico.

If any documents as defined in 10 CFR 9.3(b) and the NRC Manual, supra, and covered by this request have been destroyed and/or removed after this request, please provide all records which have been or are destroyed and/or removed, a description of the action(s) taken relevant to, generated in connection with, and/or issued in order to implement the action(s).

I trust that the NRC and AEC facility docket files are well-organized and readily accessible, and that a minimum of search time will be expended in the processing of this request due to the fact that the entire contents of the specified facility docket files, within a given time frame, are requested, instead of specific categories of documents. Accordingly, because search time in all probability will be minimal, I request a waiver of search fees pursuant to 10 CFR 9.14a(a)1, which states that search fees shall be waived "when the time for the search does not exceed four hours, in the aggregate, for a request or series of related requests." Concerning other request-related fees, I agree to pay all document reproduction and postage costs.
