Dear Dave:

You did an absolutely terrific job
in a difficult + unpredictable situation. Your
performance will have a real + positive impact on
Russian nuclear safety + on US-Russian
relations

Many thanks

J.S.

Carol:

The visit to St Lucie went
extremely well, in the face of many
unforeseeable challenges. Many contributed,
but it was Mike Condon's outstanding work
& meticulous preparation that allowed this
success to happen —

Well Done!
