Dear Sir:

Reference: NRC Docket No. 50-341
NRC License No. NPF-43

Subject: Emergency Plan and Procedure Transmittal

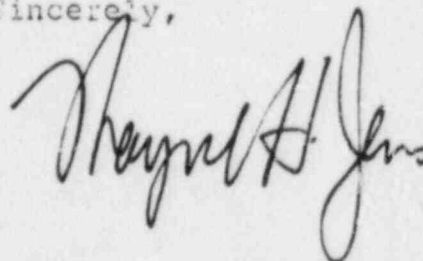

During a recent site inspection (August 5 through August 9), Region III inspectors were provided copies of current Emergency Plan implementing procedures for their review and retention. Attachment 1 provides later revisions to three procedures (EP-501, EP-544 and EP-545) that were included in this package.

Copies of the Emergency Plan were also provided to Region III inspectors during the subject inspection. Attachment 2 provides copies of more legibly reproduced Plan drawings for insert into the copies of the Plan provided. Also provided in Attachment 2 is a copy of Rev. 3A of the Emergency Plan appendix which should be inserted into the Emergency Plan binders.

As indicated in the exit meeting for the subject inspection, future revisions to the Emergency Plan and Emergency Plan implementing procedures will be provided to the NRC at the same time they are issued internally.

Please direct any questions regarding this matter to Mr. R. L. Woolley at (313) 586-4211.

Sincerely,

cc: (without attachment)
Mr. P. M. Byron
