Division of Licensing & RegulationSUBJECT: TELEPHONE CALL TO W. W. MANAGAN, HARSHAW CHEMICAL COMPANY,
CLEVELAND, OHIO

SYMBOL: DLR:IB:GWK (45356)

On August 22, 1962 I tried to contact Mr. C. T. Schmidt of Harshaw Chemical by telephone, and in his absence talked to W. W. Managan to clarify the intent of their recent request for amendment of Byproduct Material License No. 34-6558-1 and termination of License No. 34-6558-2. Mr. Managan stated that J. W. Harpster, individual user on License No. 34-6558-2 had left the company. Mr. Managan called me back on August 23, 1962 and stated that after checking with the people involved they found that the materials on Amendment No. 1 of License No. 34-6558-2 had never been ordered or received. Therefore, they are not to be added to License No. 34-6558-1.
