(b) Letter Maine Yankee to USNRC "Transmittal of Implementation Target Date for the Severe Accident Management Program at Maine Yankee," dated March 28, 1995.

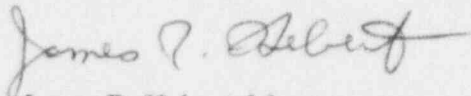

Subject: Severe Accident Management Guidelines at the Maine Yankee Plant

Gentlemen:

Reference (b) was submitted in response to your generic request to identify the target date for the implementation of the Severe Accident Management Guidelines at the Maine Yankee Plant. We expected that the implementation of any identified enhancements would be completed by July, 1997. We have subsequently experienced an extended outage and unexpected increase in workload and we now expect the implementation to be completed by December, 1998.

Please contact us if you have any questions.

Very truly yours,

James R. Hebert, Manager
