OFFICE OF ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Indiana Department of Transportation (EA 96-248)
Crawfordsville, IN 47933
Docket No. 030-32466

Subject: PROPOSED IMPOSITION OF CIVIL PENALTY - \$2,500

This is to inform the Commission that a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of \$2,500 will be issued on or about October 24, 1996, to the Indiana Department of Transportation. The action is based on a Severity Level III problem involving two deliberate violations for allowing an unauthorized trainee to use a moisture density gauge without completing the requisite training and for providing a thermoluminescent dosimeter, which was assigned to a project engineer, to the same unauthorized trainee.

In accordance with the Enforcement Policy, a base civil penalty in the amount of \$2,500 is considered for a Severity Level III. The staff considered whether the licensee should be given credit for its corrective actions. Credit was not warranted for *Identification* because the NRC identified the violations. However, credit was warranted for the licensee's prompt and comprehensive *Corrective Actions*. Therefore, a civil penalty \$2,500 is being proposed.

It should be noted that the licensee has not been specifically informed of the enforcement action. The schedule of issuance and notification is:

Mailing of Notice	October 24, 1996
Telephone Notification of Licensee	October 24, 1996

The State of Indiana will be notified.

The licensee has thirty days from the date of the Notice in which to respond. Following NRC evaluation of the response, the civil penalty may be remitted, mitigated, or imposed by Order.
