AUG 1 1958

The Harshaw Chemical Company
1945 East 97th Street
Cleveland 6, Ohio

Attention: Mr. Andrew Aylies

Gentlemen:

This letter is in reference to your application of July 25, 1958.

Enclosed is a copy of AEC regulation 10 CFR 20, "Standards for Protection Against Radiation". Compliance with Part 20 is made a condition of all source material licenses issued by the Commission.

In addition to the information you have provided, we also require the following:

1. The method you employ to incorporate source material into your manufactured product.
2. The procedure you intend to employ in safeguarding employees against dust and contamination exposure through the escape of radioactive materials in the processing of such materials.
3. A general description of the types of instruments you have available to perform necessary health and safety surveys.
4. If waste products are anticipated, we require the volume and concentration of radioactive materials and the methods by which you intend to dispose of this waste.

We shall act promptly on your request for license upon receipt of this information.

Very truly yours,

Distribution:
