

December 2, 1996

Monroe Diagnostics, Inc.  
ATTN: Ms. Claudia Breen  
901 N. Macomb Street, Suite 2  
Monroe, MI 48162

Dear Ms. Breen:

I am responding to the returned Final Notice for Invoice No. AM4644-96 (\$2150) for License 21-26313-01. We are considering your case for an extension of time to avoid the FY 1996 annual fee based on the following: 1) you no longer operate the Nuclear Department at the facility; 2) you have allowed the license to become inactive; and 3) you filed for termination on September 26, 1995 (received October 2, 1995).

Footnote 1 of 10 CFR 171.16 provides that the annual fee is waived when a license is terminated prior to October 1 of each fiscal year. The 1996 annual fee is waived for those licensees and holders of certificates, registrations, and approvals who either filed for termination of their licenses or approvals or filed for possession only/storage only licenses prior to October 1, 1995, and permanently ceased licensed activities by September 30, 1995. An amendment request filed after October 1 of each fiscal year to cancel a license does not cancel the annual fee invoice. Your September 26, 1995, termination request (received October 2, 1995) was not timely filed for purposes of avoiding the FY 1996 annual fee. As provided in 10 CFR 171.17, licenses for which termination requests are filed during the period October 1 through March 31 of the fiscal year are assessed one-half of the annual fee. As stated on Invoice No. AM4644-96, the amount billed reflects the 50 percent proration.

Based on the information provided, the NRC: 1) grants an extension of time to October 2, 1995, for purposes of avoiding the FY 1996 annual fee; 2) acknowledges you permanently ceased licensed operations prior to September 30, 1995; and 3) acknowledges that License 21-26313-01 was terminated November 16, 1995, based on your September 26, 1995, request. Invoice No. AM4644-96 has been cancelled.

Sincerely,

Original signed by  
**James M. Taylor**  
James M. Taylor

To Whom It May Concern:

We no longer operate the  
Nuclear Dept at our facility.  
therefore we let the licence  
become inactive. if you will  
check your records it will reflect  
this.

Thank you!
