Dear Mr. Cameron:

Thank you for attending the Examination Techniques for License Examiners course conducted during the periods from August 26 to 30 and October 22 to 24, 1996. The primary goal of the course was to improve your written and operating test development skills; I trust that you achieved that goal.

I am enclosing the written techniques examination you completed at the end of the course. Please review the comments on the examination as they are intended to be constructive. If you have any questions, please call George Usova at 301-415-1064.

Also feel free to contact me at 415-1031 or Fred Guenther at 415-1056 if you have additional questions or concerns regarding the license examiner training and certification process.

Sincerely,
