SUBJECT: REVIEW OF SITE CHARACTERIZATION PLAN AND HEALTH AND SAFETY PLAN

Dear Mr. Kopas:

We have completed our review of your May 30, 1995, submittal which contained the *Site Characterization Plan* and *Health and Safety Plan* for the characterization and remediation of the soils and paved areas surrounding Building G-1, 1000 Harvard Avenue, Cleveland, Ohio. We also reviewed your responses to our February 21, 1995, letter that identified our concerns based on our review of your original *Decontamination Plan*. We found your plans and responses acceptable as provided and have no additional questions at this time. As such, we have no concerns with your implementation of the work described in the plans as soon as you are able.

If you have any questions, please contact Mr. William Snell at (708) 829-9871.

Sincerely,

Original Signed By
