Re:   Boehringer Mannheim Diagnostics' Application for R & D License

Dear Mr. McCann:

Enclosed please find an application for an R & D license. We will primarily be using other manufacturers' radioimmunity in-vitro diagnostic test kits to perform our method comparison studies. The quantity and amounts are stated in the license.

We would appreciate your immediate attention to this application, since our target date is August 1, 1985.

If you should have any questions regarding this application, please call me (317) 845-2386.

Thank you in advance for your assistance in this matter.

Sincerely,

*Iva Sue Smith*
