SUBJECT: RETURN OF APPLICATION FOR RENEWAL

In accordance with the letter previously received from Dr. Donald A. Cool, your license expiration date has been extended for 5 years. The NRC Region IV office is returning the application for renewal you sent earlier. Please review your application to be sure you have not included changes to your radiation safety program. Since your application was not reviewed by NRC staff, it will be necessary to request an amendment to your license should you require changes to your program.

It will be necessary to submit an application for renewal approximately 30 days before the expiration date noted in the letter you received from Dr. Cool. The expiration date will be changed on your license when an amendment to your license is requested.

Sincerely,

Original Signed By
