re: Fax sent to your office 9/4/96 12:21 pm - 2 pages

Mr. Sollenberger:

Is there some unexpected problem causing a delay in answering my fax to you?
It has now been two days and you've yet to reply

I don't believe that the two questions posed were of a nature that a special
session of Congress has to be called.

When might I expect to receive an answer?

FAX: (716) 876-9552

Sincerely,
