Mr. Hugh Thompson, Jr.
Director of Licensing - USNRC
Washington, D.C. 20555

Dear Mr. Thompson,

I am writing to ask you to please
refuse to license the Comanche Peak Power plant
in Glen Rose Texas. My husband and I
are totally against the use of atomic
energy and do not want to see this
plant or any others licensed so they can
begin production. The risk of safety errors
are just too high?

Please help stop Comanche Peak now!

Sincerely,

Debra and Michael Baker
