Amendment No. 28

19. Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, and 8 of this license in accordance with statements, representations, and procedures contained in application dated November 28, 1984; letters dated June 12, 1984, August 23, 1984 and June 27, 1985; and Model ALARA Program as contained in Appendix O of Regulatory Guide 10.8, October 1980. The Nuclear Regulatory Commission's regulations shall govern the licensee's statements in applications or letters, unless the statements are more restrictive than the regulations.

Condition 20. is added:

20. The sealed source containing licensed material shall not be opened or removed from Technical Operations, Inc. Model 773 by the licensee.
