Dear Mr. Ross:

The purpose of this letter is to provide you an update on the 10 CFR 2.206 Petition you submitted on January 15, 1995 (as supplemented February 8 and 20, and October 14, 1995). The January 15, 1995, Petition provided additional information, which the NRC requested, regarding your October 28, 1994, Petition. In a letter to you dated February 23, 1995, the NRC staff acknowledged receipt of the Petition.

Your Petition is being reviewed by the Office of Nuclear Reactor Regulation. While it is not possible to accurately predict when the NRC's review will be complete, my estimate is that the Petition should be issued within the next 2 months.

If you have any questions, please contact me at (301) 415-1437.

Sincerely,
