Dear Mr. Keppler:

Reference: Fermi 2  
NRC Docket No. 50-341  
NRC License No. NPF-23

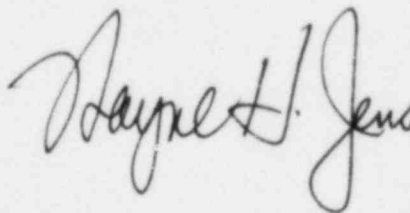

Subject: Security Plan - Amendment 7

In accordance with 10CFR50.54(p), attached are six copies of Amendment 7 (pages 5-14, 8-1, and 8-2) of the Fermi 2 Physical Security Plan. This revision reflects a change to the calibration requirements for personnel search equipment and a transfer of the Security Program auditing responsibility from the Nuclear Safety Review Group to Nuclear Quality Assurance. These changes do not decrease the safeguards effectiveness of the plan. They have been discussed with Mr. T. Madeda of your office.

If you have any questions regarding this matter, please contact Mr. Joseph Conen, (313) 586-5083.

Sincerely,
