Community Medical Laboratory, Inc.
ATTN: Lalit D. Trivedi, Ph.D.
Lab Director, President
600 N. Union Blvd.
St. Louis, MO 63108

Dear Dr. Trivedi:

Pursuant to our telephone conversation on June 12, 1985, it is our understanding that you wish to use byproduct material under the general license specified in Section 31.11 of 10 CFR Part 31.

We are therefore voiding your request for a specific license and will contact our Licensing Fee Management Branch regarding your application fee.

To assist you further, we are enclosing form NRC-483, "Registration Certificate-In Vitro Testing with Byproduct Material Under General License." You cannot use byproduct material under the general license until this form has been filed with the Director of Nuclear Material Safety and Safeguards, Nuclear Regulatory Commission, Washington, D.C. 20555 and you have received from the Commission a validated copy of the form with a assigned registration number.

If you have questions or require additional information, you may contact me on (312) 790-5625.

Sincerely,

Original Signed By
B.J. Holt
