Washington, DC 20555

RE: Docket No. 40-8027 *MLA*  
ASLBP No. 85-513-03-ML  
Limited Appearance Statement  
by the Mayor of Webbers Falls,  
Oklahoma, on Sequoyah Fuels License  
Amendment Request

Dear Judge Frye:

On behalf of Webbers Falls, Oklahoma, I wish to offer a Limited Appearance Statement in support of a prompt issuance by NRC of a license amendment to allow expansion of the Sequoyah Facility near Gore, Oklahoma. This statement is offered as directed by your Memorandum and Order of August 8, 1985.

The existing Sequoyah Facility has been a major benefit to the economy of our community for many years and we have found their management to be responsible and concerned citizens of our area. The planned expansion will be a significant contribution to the continued economic growth of our region. We are confident that the operations will continue to be safe and environmentally acceptable because of the collective conclusion to that effect by the responsible Federal and State regulatory agencies, as well as by the Sequoyah Fuels staff.

Therefore, we urge prompt approval of the license amendment so that the expansion can proceed and the benefits to our area can commence.
