Re: Docket No. 40-8027 *MLT*
ASLEP No. 89-513-03-AL
Limited Appearance Statement
by Chamber of Commerce of
Sallisaw, Oklahoma, on
Sequoyah Fuels License Amendment
Request

Dear Judge Frye:

Sequoyah Fuels Corporation (SFC) is seeking an amendment to its NRC license to allow expansion of its existing Sequoyan Facility near Core, Oklahoma. Pursuant to your Memorandum and Order of August 8, 1985, I wish to offer this Limited Appearance Statement on behalf of the Chamber of Commerce of Sallisaw, Oklahoma, in support of a prompt issuance of this license amendment.

The Sallisaw Chamber of Commerce is vitally interested in the continued economic development of our region. The existing Sequoyan Facility is an important member of our regional industrial community. Its continued prosperity and growth are of utmost importance to our plans for improving the economic well-being of our region.

It is our understanding that the responsible Federal and State regulatory agencies have reviewed the Sequoyan operations and expansion plans and have found them to be satisfactory. This finding is consistent with our observations of the responsible and cooperative management of Sequoyan Fuels Corporation. Therefore, we urge your prompt approval of the license amendment so that the benefits of this proposed expansion can begin to be realized by our region.

Sincerely,

Richard A. Murphy
