Office of Nuclear Material Safety and Safeguards

ATTN: Document Control Desk  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Docket No.: Docket No. 71-9378 (HI-STAR 100MB Model)  
EPID: L-2019-LLA-0242

Subject: Submittal date for Responses to NRC's Request for Additional Information (RAI)  
for HI-STAR 100MB Transport Package License Amendment Request 9378-1

Reference: "Request for Additional Information for the Review of the Model No. HI-STAR  
100MB Package" (Letter from Pierre Saverot (NRC) to Brian Seawright (Holtec)  
dated April 14, 2020)

Dear Mr. Saverot,

By letter dated April 14, 2020 (referenced), NRC staff documented their requests for additional information (RAI) that is required to complete the detailed technical review of the HI-STAR 100MB transport package amendment request 9378-1. NRC requested that Holtec provide additional information by May 30, 2020.

Due to the need for additional testing and benchmarking of material required to appropriately respond to NRC's request, Holtec is unable to submit additional information by May 30, 2020. The RAI responses will be submitted to NRC staff on or before July 31, 2020.

If you have any questions, then please contact me at 856-797-0900, ext. 3931.

Sincerely,

A handwritten signature in blue ink, appearing to read "B. Seawright", with a stylized flourish at the end.

Brian Seawright  
Licensing Engineer  
Holtec International
