Subject: [External_Sender] RE: Re NRC regulations exemption request

Hello Frank,

My apologies; in re-reading section 2206, I realize that we did not account for the reporting thresholds under paragraph (a)(7). This request should therefore apply to only the following licenses, for which reporting should be required under that item:

34-29200-01MD and 34-31473-02MD

The other licenses listed in the letter are not licensed for and do not possess radioactive materials exceeding any of the quantities in that section and therefore should not be required to submit these reports. If a letter explaining this clarification would be helpful, I would be happy to put one together.

Thanks,
Evan Western

Dear Mr. Western:

This is Frank Tran in the NRC Region III office. We received your letter dated April 30, 2020 requesting an exemption from NRC regulations in 10 CFR 20.2206(b) for NRC License Nos. 34-29200-01MD, 34-31473-02MD, 34-31473-03MD, 34-32780-04MD, 34-32840-01, and 34-32780-02. Based on 10 CFR 20.2206(a)(7), the regulation requirement in 10 CFR 20.2206(b) may only apply to some of the licenses above but not all. Could you let me know exactly which licenses currently meet the requirement in 10 CFR 20.2206(b).

Thank you,

Frank Tran
