Re: License # 34-03424-02

Dear Sir:

We would like our materials license # 34-03424-02 to be amended as follows:

1. S. Christopher Lee, M. D. is currently licensed for the use of Groups I, II, III, and VI. He is also licensed to use I-131 for treatment of hyperthyroidism and cardiac dysfunction. During the past two and half years, he has actively participated in the treatment of six patients having carcinoma of the thyroid using I-131 under the supervision of Tearle L. Meyer, M. D. We would like Dr. Lee to be licensed to treat thyroid carcinoma with I-131. His preceptor statement signed by Tearle L. Meyer, M.D. is attached.
2. Daniel E. Lewis, M. D. is licensed for Groups II, III and VI. During 1984-85, Dr. Lewis has actively participated in 30 thyroid function studies, 10 blood and plasma volume studies and 20 Schilling tests. This work has been done under the supervision of Dr. Meyer, Dr. Lee and Dr. Siren. A preceptor statement signed by Tearle L. Meyer, M. D. is attached. We would like Daniel E. Lewis to be licensed for the use of Group I.
3. We would like to add Bruce Fleishman, M. D. to the list of licensed users. His training and experience is detailed in attached Supplements "A" and "B".

License amendment fee of \$120.00 is enclosed in the form of a check made out to the U. S. Nuclear Regulatory Commission.

Sincerely,

William W. Hendrickson

William W. Hendrickson,
President
