Re: Amendment of License #49-21321-01

Dear Mr. Whitten,

I will be dissolving my company (Behrends' Engineering & Surveying) and will joining Civil Engineering Professionals, Inc. of 240 South Wolcott, Suite 202, Casper, Wyoming 82601. I would like to change the Licensee to Civil Engineering Professionals, Inc.(CEPI). Now we have a problem. CEPI is in the process of building a new office at 1705 East 12th Street, Casper, Wyoming 82601. This office should be completed by late August. I would like the address of the licensee to be 1705 E. 12th Street, Casper, Wyoming 82601. Under CONDITIONS of the license, I would like to change the location to 1705 E. 12th Street and at temporary job sites of the licensee anywhere in the State of Wyoming. Please find attached drawing showing the storage areas for the Troxler gauge.

Does my license allow me to operate 2 Troxler gauges? If not I would like to amend it to cover the operation of 2 gauges.

If you have any questions, please call me at 1-307-266-4346.

Thank you.
