MEMORANDUM FOR: Samuel J. Chilk
Secretary

FROM: Darrell G. Eisenhut, Director
Division of Licensing

SUBJECT: STENOGRAPHIC REPORTING CONTRACT

This is in response to your memorandum (undated) requesting comments on the recent performance of Free State Reporting, Inc. (FSRI). I am unable to comment directly on the adequacy of FSRI's corrective actions themselves. The adequacy of these actions should be judged on the basis of the quality of the end products, and I do not have sufficient information about their recent performance to be able to make this judgment. However, as stated in the enclosure, our previous experience with FSRI indicated that drastic measures would be needed to correct their poor record.

for Darrell G. Eisenhut, Director
Division of Licensing

Enclosure: As stated
