Attention: Mr. Daniel R. Muller

Reference: 1) Letter from L. G. Kuncel to D. R. Muller, dated
December 10, 1985, "Proposed Change No. 28 to
Technical Specifications"

Attachment: 1) Revised Pages to Proposed Change No. 28
(Attachment 1) to Technical Specifications

2) Revised Pages to Proposed Change No. 28
(Attachment 3) to Technical Specifications

Dear Mr. Muller:

Subject: Revision to Proposed Change No. 28 to Technical
Specifications

In accordance with the applicable provisions specified in
10CFR50, Nebraska Public Power District (NPPD) submitted
Proposed Change No. 28 to the Technical Specifications for
review and approval. Questions from the NRC Staff were
received and resolved with the resulting page to the Proposed
Change contained in Attachment 1.

Recently the District changed the titles of the General Manager
and the Assistant General Manager - Nuclear to President and
Vice President - Nuclear. Because this change is very similar to
the request made in Attachment 3 of Reference 1, the District
asks that the commission replace the previous submittal
(Attachment 3 of Reference 1) with those pages contained in
Attachment 2 of this letter. Although similar in nature, another
revised 10CFR50.92 analysis is included to specifically address
this new change.
