Dear Mrs. Busick:

Enclosed please find an application from Conax Buffalo Corporation for a license to export electrical penetration assemblies, valued at approximately \$4,000,000 to the PRC for use in the Guangdong Nuclear Power Plants, Units 1 and 2.

Before taking action on this license application, we would appreciate your views, in accordance with established procedures, as to whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978. It is noted that Conax Buffalo has submitted an earlier license request to supply electrical penetration assemblies to the PRC for use in the Qin Shan Nuclear Power Plant project. This application was forwarded to you for review on July 18, 1984 under case number XCOM0921.

Sincerely,

Original signed by: Marvin R. Peterson
