Dear Sir:

Subject: Docket Nos. 50-361/50-362

Enclosed are the Monthly Operating Reports as required by Section 6.9.1.10 of Appendix A, Technical Specifications to Facility Operating Licenses NPF-10 and NPF-15 for San Onofre Nuclear Generating Station, Units 2 and 3, respectively.

Also provided herein, are revised Operating Status Reports for April and May 1985 and a revised Average Daily Unit Power Level Report for April 1985. The affected portions of these reports have been annotated with an asterisk in the right hand margin. The revision to the April Operating Status Report and Average Daily Unit Power Level Report was necessitated by an error discovered in the gross generation metering system for Unit 2 for the period April 17 to 19.

Please contact us if we can be of further assistance.

Sincerely,

H E Morgan
