SUBJECT: Renewal of license No. 21-13783-02, with expiration date
October 31, 1985

I refer to the license No. 21-13783-02 dated August 22, 1983, for which we hereby request renewal with the following changes:

Section 10:

- a) The address of our Sebewaing Plant has changed from 501 Pine Street to 763 North Beck Street, Sebewaing, MI 48759.
- b) I have applied for a "byproduct material license" for our Croswell Plant. This application is dated July 24, 1985. This application, I have been informed, will be considered an amendment to this license and should be included in this license when renewed.

Section 10 would then be changed to:

10: Licensed material shall be used only at the licensee's facilities located at 400 Sugar Street, Carrollton, Michigan, 725 Almers Street, Caro, Michigan, 763 North Beck Street, Sebewaing, Michigan and 159 South Howard Street, Croswell, Michigan.

Section 12:

- c) George W. Cossairt is no longer with the company and his name should be replaced by my name, Leif L. Nielsen.
- d) The name of our factory manager in the Croswell Plant, Robert Parker, should be added to the list of names of Section 12.

REGION III 1985

8512030180 851112
REG3 LIC30
21-13783-02 PDR

CONTROL NO. 7 9598

Section 12 would then be changed to:

- 12: Licensed material shall be used by, or under the supervision of Robert Bush, Peter Broekhof, Robert Parker, Robert McAlpine or Leif Nielsen.

Section 16:

- e) The name Leif L. Nielsen should replace that of George W. Cossairt.

Section 16 would then be changed to:

- 16: Installation, initial radiation survey and relocation of devices containing licensed material shall be performed only by the licensee or by other persons specifically authorized by the Commission or an Agreement State to perform such services. Services performed by the licensee shall be performed under the supervision of and in the presence of Leif L. Nielsen in accordance with procedures described in letter dated August 8, 1983. Maintenance and repair of devices containing licensed material and replacement and disposal of sealed sources containing licensed material used in devices shall be performed only by the device manufacturer or by other persons specifically authorized by the Commission or an Agreement State to perform such services.

Section 19:

- f) The application for our Croswell Plant should be included in the renewed application.

Section 19 would then be changed to:

- 19: Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, and 8 of this license in accordance with statements, representations, and procedures contained in application dated August 31, 1980; and application dated July 24, 1985; and letters dated June 10, 1983 and August 8, 1983. The Nuclear Regulatory Commission's regulations shall govern the licensee's statements in applications or letters, unless the statements are more restrictive than the regulations.
