Dear Ms. Baker:

The department is in receipt of your letter of 11 December to Mr. Wood concerning the transfer of the above properties to MALAPAI Resources Company (MRC). Our district office in Sheridan has been contacted verbally by MRC concerning a possible transfer and the transfer process has been explained to MRC. We have not yet received an actual request for a transfer.

Once the transfer process has been completed and new bonds by MRC accepted we will release the appropriate bonds to WNC. You should be aware that bond #80881350 for DN142 is separate from 14RD and would not be released unless this obligation is transferred to MRC. The same is true for bond #81003995 for limited mining exemption 556ET. We also do not have a record of bond #80977756. If you have a permit or license number this bond was issued under, this may be helpful.

If you have any further questions concerning the transfer, please contact our Sheridan Office.

Sincerely,
