Dear Mr. Mallet:

We request that the Illinois Emergency Services and Disaster Agency (IESDA) N.R.C. License Number 12-10700-01, Docket or Reference Number 030-07152, be amended to show the following:

13. A. (1)

- (2) Notwithstanding the periodic leak test required by this condition, any licensed sealed source is exempt from such leak tests when the source contains 100 microcuries or less of Beta and/or Gamma emitting material or 10 microcuries or less of Alpha emitting material.
- (3) The periodic leak test required by this condition does not apply to sealed sources that are stored and are not being used. The sources excepted from this test shall be tested for leakage prior to any use or transfer to another person unless they have been leak tested within six months prior to the date of use or transfer.
