Attention: Mr. Bruce Mallett
Licensing Department

RE: Troxler Model 3401 Compact
Nuclear Test Gauge

Dear Mr. Mallett:

To respond your request, I am answering as follows:

1. How do you transport the gauge from job to job site:

Transport in the car trunk with locking device, by Chang H. Choi.

2. How do you store at the job site ?

Store in the car trunk with the locking device.

3. Where do you store in your laboratory ?

Store in the storage box with locking device.

Should you have any questions with regard to this letter, please feel free to contact this office.

Very truly yours,

Chang H. Choi, P.E.
Principal Engineer
