MEMORANDUM FOR: Docket File No. 40-8697

FROM: Candice C. Jierree, Project Manager
Licensing Branch 2
Uranium Recovery Field Office, RIV

SUBJECT: UPDATING OF SOURCE MATERIAL LICENSE SUA-1338 FOR
LICENSE SUA-1338 FOR ROCKY MOUNTAIN ENERGY'S RENO
CREEK IN SITU EXTRACTION FACILITY

A complete review and updating of Source Material License SUA-1338 for the Rocky Mountain Energy (RMEC) Reno Creek in situ extraction facility has been completed by the staff. One new license condition was generated to require maintenance and submission of a surety to cover restoration reclamation and decommissioning activities. The condition reads as follows:

36. The licensee shall maintain a surety to cover all ground-water restoration and all reclamation and decommissioning activities, including the cost of offsite disposal of radioactive solid process or evaporation pond residues and a decontamination survey. The licensee will submit to the USNRC, Uranium Recovery Field Office, a copy of the existing surety within 30 days of receipt of this license. At least ninety (90) days prior to the expiration date of existing sureties, or any revision to existing surety arrangements, the licensee shall submit a copy of the proposed new surety or revision, and supporting documentation providing a detailed basis for the covered restoration, reclamation and decommissioning costs, to the USNRC, Uranium Recovery Field Office, for review and approval. Surety arrangements shall be reviewed and revised at least annually by the licensee to account for inflation.

DATE :85/12/23	:	:	:	:

License Condition No. 31 was amended to require a records retention period of five years instead of three years.

Editorial changes were made in License Condition Nos. 10, 13, 15, 16, 17, 18, 19, 20, 24, 26, 29, 30, 32 and 36 which improve clarity without altering the requirements of these conditions.

No license conditions were deleted. These changes bring Source Material License SUA-1338 up-to-date.

These changes to SUA-1338 were discussed via telecon on November 25, 1985 with Mike Neumann, Senior Licensing Specialist, of RMEC.
