ATTN: Mr. J. W. Taylor
General Manager
2615 East Avenue - South
La Crosse, WI 54601

Gentlemen:

SUBJECT: BOISE INTERAGENCY FIRE CENTER SURVEY

This is to confirm a September 4, 1985 telephone conversation between Mr. Ron Marose and Ms. Linda L. Kers of our staffs regarding the survey of the LaCrosse site by the Department of Interior, Boise Interagency Fire Center (BIFC) representative. Mr. Steve Jenkins, BIFC, will survey the site on September 24, 1985, and will need access to the site and the Emergency Operations Facilities on that date.

Mr. Jenkins has found that surveys are most efficiently conducted if a representative of your radio communications group is also present during the survey. If possible, it is highly recommended that such a representative be present or available to answer any questions regarding the BIFC antennae requirements.

Although unescorted access will not be required, provided below are Mr. Jenkins' full name and Social Security Number:

[REDACTED]

If you require additional information please contact Ms. Kers, Emergency Response Coordinator, on (312) 790-5711.

Sincerely,

Jack A. Hind
