Re: License Number 48-08325-01  
Control No. 79689

Dear Gentleman:

In making application for amendments to License #48-08325-01 we neglected to mention that Werner Kordas, M.D. was Certified in Diagnostic Radiology by the American Board of Radiology in June 1984.

We hope this oversight has not caused delay in approval of these amendment requests.

Sincerely,

Jay Heisler  
Senior Vice President
