The above license needs revision according to the following items on our license:

- 1) Change name of company from Western Electric Co. to "AT&T TECHNOLOGY SYSTEMS," same address.
- 7) Change description to "Sealed Sources - Isotopes Product Laboratory - Model BF90SS-100 Registry #GFS-3" (California - agreement State) and Tracerlab E7B.
- 12) Delete the name of Allen Gene Widner.

Enclosed find a check for \$60.00 to pay for this license amendment. If you have further questions please refer them to Robert L. Griffle (816)251-4212.
