SUBJECT: NRC INSPECTION REPORT NO. 97001

Dear Ms. Clark:

This refers to the special inspection conducted on March 18, 1997, at your licensed facilities in Detroit, Michigan. The purpose of the inspection was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with you, Drs. Marks and Azad of your staff, Mr. Robert Mattix of Quorum, Inc. and Mr. Jack Shapiro of Transitional Hospital Corporation.

The special inspection was conducted to review the status of your licensed program in view of your filing for bankruptcy. The inspection included an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. Within these areas, the inspection consisted of selective examinations of representative records, interviews with personnel, independent measurements and observation of activities in progress.

In addition to the above areas, the inspector examined actions described in your letter dated April 18, 1995, regarding apparent violations found during our February 3-22, 1995, inspection. We have no further questions regarding these matters.

No violations of NRC requirements were identified during the course of this inspection.
