Docket No. 70-734

GA Technologies, Inc.
P. O. Box 85608
San Diego, California 92138

Attention: R. A. Wolf, Corporation Secretary
and Contracts Administration

Gentlemen:

This letter refers to the routine safeguards inspection of your activities authorized under NRC License No. SNM-696 conducted by Mr. G. B. Nelson of this office on January 6 through 10 and 13, 1986. It also refers to the discussion of his inspection findings with you and certain members of your staff on January 10, 1986.

The inspection included examination of activities related to your program for the control and accounting of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 70, "Domestic Licensing of Special Nuclear Material", and pertinent license conditions as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility personnel and observations by the inspector.

Within the scope of this inspection, no violations were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your control and accounting procedures for safeguarding special nuclear material are exempt from public disclosure; therefore, the enclosed inspection report will not be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely, *151*

James L. Montgomery, Chief
Nuclear Materials Safety and
Safeguards Branch
