RE: Amendment to License No. 29-23373-01

Dear Ms. Johansen:

This letter refers to License No. 29-23373-01 for a Cobalt-60 Gammacell unit (Atomic Energy of Canada, Ltd.). This license was issued in April 1984 to Central Services Organization for its Morristown Research Center.

Two amendments are now required to this license. The company name is now Bell Communications Research, Incorporated. The location has been changed to:

Navesink Research and Engineering Center
331 Newman Springs Road
Red Bank, NJ 07701-5699

Please find enclosed a check for \$120 being the fee required for amending the license.

The current schedule of construction at the Navesink site has the facility for the Gammacell being ready in the last quarter (Oct.-Dec.) of 1985. The unit would be installed and utilized between then and the first quarter (Jan.-March) of 1986.

If you have any questions, please give me (Trevor Bowmer) a call at (201) 582-7161 or leave a message with the Division Secretary at (201) 582-6080.

Sincerely,
