Gentlemen:

Your letter dated February 20, 1985, has been assigned to John J. Miller for review.

In order to continue our review of your request, we need a comprehensive application which is complete in itself and without references to previously submitted information. You should provide up-to-date information on your safety and control procedures for usage of material authorized in License No. 20-02615-01. We are requesting this information because we note that your license is presently supported by 12 documents dating back six years.

Enclosed for your information is a copy of Regulatory Guide 10.8 "Guide for the Preparation of Applications for Medical Programs," which will assist you in completing your application.

Your cooperation in promptly submitting the requested information will help us to decrease the process time for your application.

In providing the requested information, please reply in duplicate and reference your assigned mail control number.

If you have any questions, please contact the above named reviewer at telephone number (215)337-5204.

Sincerely,

Original signed by
