The letter from Mr. R. Scarano, dated November 22, 1985, founded notices of violation and deviation requiring response by December 22, 1985. Due to the intensive effort being expended on the Post Accident Sampling System and the workload associated with the December 5 shutdown, the District finds that additional time is required to prepare a fully responsive reply. We will submit our reply on or before January 6, 1986.
