Re: In the Matter of: Commonwealth Edison Company Braidwood  
Station, Units 1 and 2) Docket Nos. 50-456 and 50-457

Dear Mr. Guild:

You will find enclosed the indices you requested in our phone conversation on January 24, 1986. In particular you will find an index for specific interrogatories 2 and 3 of your second set of interrogatories. Additionally, you will find an index for documents relating to the Material Traceability Verification Program and the Corroded Pipe Program. As I explained to you, these indices are not yet in final form and there may be some additional documents added to the index. However, the index is approximately 95% complete and therefore additions should not be extensive. We hope to have a final index for the second set of interrogatories to you within one week. The documents responsive to your second request to produce are available for your inspection at our offices in Chicago. Please notify me 24 hours in advance of the time you would want to review them and arrangements will be made.

Truly yours,

*Gary A. Kruse*
