In the Matter of
Commonwealth Edison Company
(Braidwood Nuclear Power Station, Units 1 and 2)
Docket Nos. 50-456 and 50-457 OL

Dear Messrs. Gallo and Guild:

This letter confirms the agreement reached with you on Thursday, January 30, 1986. In a telephone conference on that date, I advised you that I had just learned that Region III NRC Inspector Robert D. Schulz had resigned his position with the Nuclear Regulatory Commission effective February 11, 1986. I informed you that after Mr. Schulz leaves the agency, the NRC Staff would have no authority to ensure his participation in the above-captioned proceeding. In view of this consideration, I suggested that the parties complete Mr. Schulz's deposition prior to his departure. I indicated that the Staff could make Mr. Schulz available for deposition on Thursday and Friday, February 6 and 7, 1986.

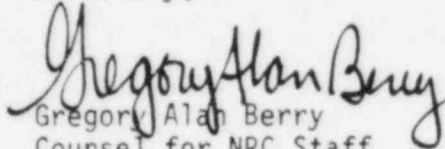

Mr. Gallo indicated that these dates presented a schedule conflict and suggested Tuesday, February 4, 1986 as an alternative. That date, however, presented Mr. Guild with a schedule conflict. It was then suggested that we attempt to schedule the deposition for Monday, February 10, 1986. I indicated that I would notify you after I learned whether Mr. Schulz would be available on that date. Later that afternoon I spoke with Mr. Schulz and he informed me that he would. I then advised you of that fact.
