FEE MGMT. BRANCH

Gentlemen:

Please be advised that we wish to make the following amendments to our license #34-20182-01.

We propose the following changes:

Item 3: Name and title of person to be contacted regarding this license

John Malivuk, Telephone No. (216)673-2939 (change from Gary L. Cobb)  
or (216)666-7606

Item 5: Street address where licensed material will be stored:

Add laboratory of Summit Testing and Inspection Company  
2917 Reserve Ave.  
Akron, OH 44321  
Phone: (216)666-7606

This is by mutual consent of the principals of both Thomas Asphalt Paving and Summit Testing & Inspection Company

Item 6: Individuals who will use or directly supervise the use of licensed material

Please be advised that due to the nature of the construction industry, there is a frequent turnover of personnel. We, therefore, respectfully request that we be permitted to designate authorized users of the gage. As a prerequisite to receiving such authorization, each individual will be instructed in house on the basics of radiation, worker safety and protection, and the safe and proper use of the equipment in accordance with the suppliers operation manual.

Item 7: Radiation Safety Officer

Change from Gary L. Cobb to John Malivuk

Item 16: Formal Training in Radiation Safety

John Malivuk has received training from Troxler Laboratories. Additionally, there was some initial background in nuclear physics and radiation during 1 year of Physics and 1 year of Chemistry for Civil Engineers at the University of Akron. Also. Mr. Malivuk was the radiological safety officer of Messmore Testing and Supervision, Inc., Akron, Ohio for several years where two (2) gages (Troxler) were owned and operated (equipment with similar radiological characteristics)

in amendment to USNRC Liscense  
#34-20182-01

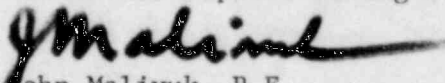

Item 17: Experience

Please see item #16 revision

We are enclosing our check in the amount of \$60.00 as required for review of this Liscense Amendment Application.

Should there be any questions concerning this matter, kindly contact the above named individual, John Malivuk at either (216)673-2939 or (216)666-7606

Respectfully submitted,  
The Thomas Asphalt Paving Company

  
John Malivuk, P.E.  
Radiological Safety Officer
