Gentlemen:

SUBJECT: MEETING SUMMARY - DOCKET NOS. 50-250 AND 50-251

This refers to a meeting that Mr. J. A. Olshinski, other members of my staff and I held with Mr. C. O. Woody and Mr. J. K. Hayes of your staff. The meeting was held, at your request, in the Region II Office on August 30, 1985. We discussed the Turkey Point Performance Enhancement Program, the status of testing the auxiliary feedwater system using nitrogen for valve control and the 10 CFR 50 Appendix R status at the plant.

It is my opinion that the meeting was beneficial and has provided us with a better understanding of these subjects.

Should you have any questions, we will be pleased to discuss them.

Sincerely,

*Original signed by
