SUBJECT: COMMENTS REGARDING PREDECISIONAL ENFORCEMENT
CONFERENCE SUMMARY DATED MARCH 17, 1997

Dear Mr. Verzal:

This letter acknowledges receipt of your letter dated March 20, 1997, in response to our letter dated March 17, 1997, entitled "PREDECISIONAL ENFORCEMENT CONFERENCE SUMMARY." This also refers to several telephone conversations with you and members of your staff on March 31, 1997, regarding two errors and a misunderstanding in our letter.

We acknowledge that the system designed for air sampling and gamma radiation monitoring will not be installed as of March 7, 1997, as stated in our letter, but rather the system will be installed by the end of May 1997. We also acknowledge and regret the misspellings of the names Mr. Gallo, Mr. Manley and Mr. Verzal in our March 17, 1997 letter.

In addition, we understand that you do not agree in general with the seven apparent violations identified in the inspection report and presented at the conference, as stated in our March 17, 1997 letter, but rather "acknowledge" the seven apparent violations. We also acknowledge that comments made by you and members of your staff at the conference should not be construed as a final action to the apparent violations.

If you have any further questions or comments regarding the above issues, please contact Michael LaFranzo of my staff at (630) 829-9865.

Sincerely,
